

Re: Referral for Jessica Trueman – Seeking Representation

To Whom It May Concern,

It is my pleasure to recommend Jessica Trueman for representation.

I first met Jessica in 2025 when she auditioned for a key supporting role in my debut feature film, *Boss Cat*. From the moment she stepped into the audition room, I was struck by her talent, warmth, professionalism and collaborative spirit. Her chemistry with her scene partner, Shayan, was immediate and authentic, and she brought bold creative choices while remaining highly responsive to direction. It was clear to me that she was the right person for the role.

Boss Cat had its world premiere at the Sydney Film Festival earlier this year and will be released nationally in cinemas this December through Madman Entertainment.

My experience working with Jessica on *Boss Cat* left such a strong impression that I cast her again earlier this year in a corporate training production for the Australian Disability Network through my production company, Taste Creative. The project required a very different skill set, including working with a teleprompter for the first time. Jessica approached the challenge with confidence and professionalism, taking direction with ease while delivering a warm, natural and engaging performance. She is adaptable, hardworking and consistently brings generosity and authenticity to every project.

I have no hesitation in recommending Jessica for representation. She possesses the talent, versatility, professionalism and determination to build a successful career in the screen industry. She is a genuine pleasure to work with, and I look forward to collaborating with her again on future productions. Any agency would be fortunate to have Jessica on their roster.

Yours sincerely,
